WELCOME

Mörrumsån is one of Swedens most famous salmon- and sea trout waters. Maybe it's because people have been catching big ones here since 1231, but also because the river is so stunning and the people around it so friendly. There are many fishing stories from here. Now we believe it's time for you to come here to create another story, one where you are the central figure. Can't find what you're looking for in this leaflet?
