Mörrum's river stretches

* **VKH-stretch** =
Vittskövle, Knaggalid, Härnäs

Härnäs*

A stretch of 3,7 km in the very north part of the three fishing areas which Mörrums Kronlaxfiske has access to through a leasehold with Uniper. The entire fishing stretch is situated within the wildlife preserve of "Kärringhejan", which contributes to a genuine feeling of wilderness. The fishing is best during early spring and in September when both salmon and sea trout migrates.

Knaggalid*

A scenic area with fabulous stretches of rapids surrounded by hills, oak- and beech trees. Here you'll find the legendary pools "The Nursery" and "The Larder", whose names speak for themselves...

The Svängsta stretch

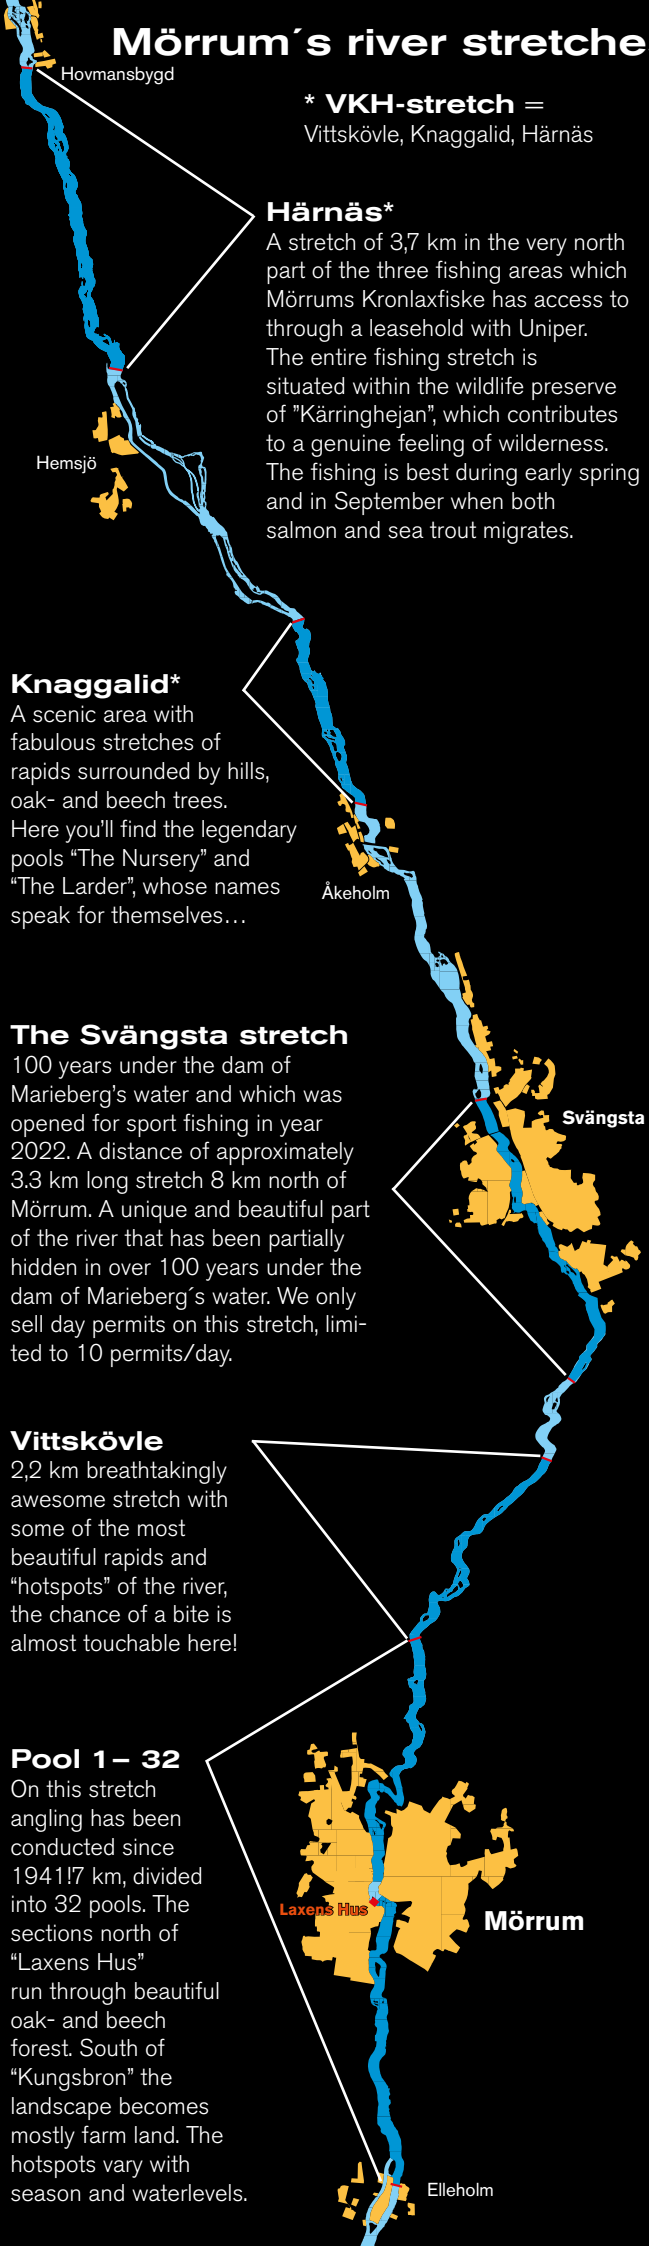

100 years under the dam of Marieberg's water and which was opened for sport fishing in year 2022. A distance of approximately 3.3 km long stretch 8 km north of Mörrum. A unique and beautiful part of the river that has been partially hidden in over 100 years under the dam of Marieberg's water. We only sell day permits on this stretch, limited to 10 permits/day.

Vittskövle

2,2 km breathtakingly awesome stretch with some of the most beautiful rapids and "hotspots" of the river, the chance of a bite is almost touchable here!

Pool 1 – 32

On this stretch angling has been conducted since 1941! 17 km, divided into 32 pools. The sections north of "Laxens Hus" run through beautiful oak- and beech forest. South of "Kungsbron" the landscape becomes mostly farm land. The hotspots vary with season and waterlevels.

WELCOME

Mörrumsån is one of Swedens most famous salmon- and sea trout waters. Maybe it's because people have been catching big ones here since 1231, but also because the river is so stunning and the people around it so friendly. There are many fishing stories from here. Now we believe it's time for you to come here to create another story, one where you are the central figure. Can't find what you're looking for in this leaflet? Don't hesitate to contact us, we will do our best for you to enjoy your visit in Mörrum. See you by the river!
